We are aware of how much your life is changing in drastic ways and empathize with the uncertainty. We are here if you need to reach out to us to discuss your loans, deposits, and cash flow—especially in light of

your personal circumstance. We are aiming to be as flexible as possible to help with financial solutions today and going forward.

Thank you for your trust and loyalty, we are here to help make your financial transactions continue to run smoothly during this uncertain time.

Service Availability - Effective Through April 10

To safeguard the health and safety of our employees and members as well as to help do our part to help mitigate the spread of the coronavirus, we have closed all of our lobbies to the general public. However, State ECU is operational—and we are here for you, even though we are doing business in a slightly different way for the time being.

You can keep your financial life humming along with mobile banking, remote deposit, online banking, bill pay, TARA, and DocuSign. You can visit ATMs as well as use our drive-thru windows at all branches from 8:30 a.m.-5:30 p.m., Monday-Friday. Every branch has a night deposit drop, which is a great way to drop off deposits and payments. The drop boxes are emptied first thing in the morning, and hourly during business hours. In addition, our Call Center will be functioning at full capacity during this time. Situations that necessitate meeting with a member of State ECU will be handed on a case-by-case basis through a set appointment.
